Demonstration of Proposed Features:

This document lists the features proposed in the planning phase and shows whether each one was built and shown in the demonstration.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrated (Yes / No)	Remarks
1	Question Answering	Takes a student's question and returns a short, accurate answer from Gemini.	Implemented	Yes	Answers general and academic questions such as "Which is the largest ocean?".
2	Concept Explanation	Explains a topic in simple words using the local LaMini-Flan-T5 model, with Gemini as fallback.	Implemented	Yes	Short explanations; falls back to Gemini if the model cannot load.
3	AI Quiz Generation	Creates 3 multiple-choice questions with 4 options each for a topic or passage.	Implemented	Yes	Instant Correct / Incorrect feedback with the right answer.
4	Text Summarization	Condenses long passages into short, simple-language summaries.	Implemented	Yes	Keeps the key facts and removes repetition.
5	Learning Path	Builds a beginner, intermediate and advanced roadmap with timelines and resources.	Implemented	Yes	Shown with headings and bullet lists, for example for SQL.
6	Responsive Web Interface	One page with a task dropdown, text box and submit button for all features.	Implemented	Yes	Works on desktop and mobile widths; errors appear in the page.
